

DAKAR- The Final Deep Dive No Men Left Behind

Events Surrounding the Disappearance of an Israeli Submarine Featured in Upcoming Original Television Docu-Drama

50 years ago this past January— one day before they were to surface in Haifa — 69 Israeli crewmen of the WWII British T-Class submarine **DAKAR** vanished without a trace. For 31 years, the disappearance of **DAKAR** remained an absolute mystery, one of the biggest in the history of the State of Israel.

The Final Deep Dive will chronicle the events leading up to **DAKAR's** disappearance and the unrelenting efforts to find out what happened to its brave crew members. Featuring dramatization of **DAKAR's** maiden voyage and the tragic turn-of-events leading to the submarine's – and crew's – demise, as well as the questions surrounding **DAKAR's** unexplainable 3 decades of fruitless search will finally be answered.

Showcasing the human and military motto of no men left behind, *The Final Deep Dive* will also illustrate the astonishing efforts to locate the ship's remains, featuring details regarding a special – and largely unknown- collaboration between the United States and Israeli Naval forces will be brought to light for the very first time.

But most importantly, *The Final Deep Dive* brings the crew members back to life through family member interviews and testimony of Israeli military personnel. The unknown heroes of the sea are finally given their just homage and deserving memorialization.

Created by Avi Strulson, an Israeli Air-Force film veteran and educator, *The Final Deep Dive* tells an incredible story of heroism and undying commitments to the protecting the State of Israel. The story of **DAKAR** illustrates the strength, resolve, and commitment to democracy of the members of Israel's Defense Forces. By remembering the crew of **DAKAR**, we create a bridge between the past, present, and future of Israel.

Funding is currently being sought for this monumental project. The official funding campaign for *The Final Deep Dive* is hosted on Jewcer, enabling contributions to be fully tax-deductible.
